

Orientation Signage

Example shown: Sticker Kit, Blue

Easy to apply sticker or board

These Orientation Signs, using symbols and imagery, act as visual cues to help dementia patients quickly and easily locate the bathroom, toilet, kitchen or bedroom areas.

Locating the rooms in the home can be stressful for people suffering from dementia. These Orientation Signs are available as stickers or foam boards, and are easy to adhere or mount on the door of each room in the home.

Signage is available for the bedroom, bathroom, toilet and kitchen.

Options and codes listed over the page.
