

ProSling™

Patient Lifting Slings

Disposable General Purpose with Head Support

An easy fitting disposable sling for Yoke frame lifters with adjustable straps for position control that suits general lifting from the floor, bed or chair. In built head support creates a secure transfer for patients with less controlled body movements.

- Versatile enough for general patient transfers, toileting or hygiene care
- Designed to lift patients from seated (chair) or reclined (bed or floor) positions
- Made from non-woven, spun bond polypropylene for a distinctly more comfortable feel against bare skin
- Brightly coloured handles and adjusters, for easy access and visibility
- Fabric can not be washed or immersed in water
- Three loop support strap system, controls positioning of head and leg supports

Single use only for managing infection control

Colour coded sling straps for easy size identification

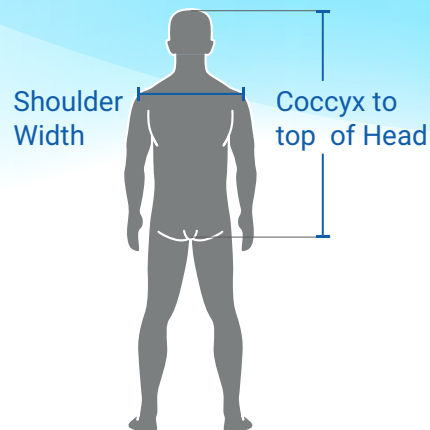

3 mm quilted foam padding

AS/NZS ISO 10535:2011

Disposable General Purpose with Head Support

CODE	SIZE/ STRAP COLOUR	SHOULDER WIDTH (mm)	COCCYX TO TOP OF HEAD (mm)
SL156281	Medium	600 - 800	720 - 900
SL156381	Large	800 - 1000	840 - 1000

It is very important to use the correct sized sling and ensure it is properly fitted before attempting to lift. This will ensure the patient feels safe, dignified and comfortable, and allows the carer to be confident of an effective and safe procedure. Please refer to the ProSling Size

Will suit the majority of lifter products on the market. Some lift manufacturers make claims that only their brand of sling should be used on their lifter. There is no Australian Government or TGA directive to support these claims.

Selection Chart for guidance on sizing recommendations. This chart is published in the ProSling Range Guide and is available to download from www.novis.com.au

Therapeutic devices should only be used in accordance with manufacturer's instructions and under the consent, supervision and management of a suitably qualified Health Professional.

The wash label on the back of the sling displays the DO NOT WASH symbol. If the sling is immersed in water, this label disintegrates to display the DO NOT USE symbol. Dispose of the sling immediately if this symbol is showing.
